Profile

Developer experienced in building and improving web applications across different environments. Strong background in backend development, database management, and data analysis. Strong analytical thinker with a proactive learning mindset, and the ability to deliver high-quality solutions aligned with business needs.

Experience

- Backend Developer Intern**, GMAOLinx Centroamérica – Cartago, Costa Rica 2024
- Implementation and maintenance of functionalities using JavaScript and .NET.
 - Performance optimization of queries in SQL Server in multi-company environments.
 - Incident management and resolution in web systems (server-side and client-side).
- Full-Stack Developer Intern**, Municipalidad de Cartago – Cartago, Costa Rica 2024
- Designed and developed a parameterized ASP.NET system, automating manual workflows and improving operational efficiency.
 - Developed interactive dashboards that replaced manual Excel-based reports, improving data accessibility and reducing report preparation time from hours to minutes.
 - Optimized SQL Server databases and stored procedures, reducing reporting time from several hours to seconds.
 - Led requirements analysis and user validation, ensuring strong alignment between technical deliverables and business needs.

Skills

- Programming:** Proficient in C#, .NET Core, and Git; solid understanding of Web APIs, application development, and design patterns
- Data Analysis & Management:** Data analysis with Python; data manipulation, cleaning, and visualization; experience with PostgreSQL and SQL Server; knowledge of data transformation and integrity
- Tools:** Power BI, Excel, Git
- Languages:** English (fluent, B2), Spanish (native)

Education

- A.S** **Colegio Universitario de Cartago (CUC)**, Information Technology – Cartago, Costa Rica 2024
- Cert.** **CENFOTEC University**, Data Analysis – San José, Costa Rica 2025

Certificates

- Customer Service, Instituto Nacional de Aprendizaje (INA), 2025
- Design Patterns in C# – Udemy, 2025
- ICT Operator (Office Suite), Instituto Nacional de Aprendizaje (INA), 2021
